Memo No.: Inst. / 10756/2018

Dated, the 7<sup>th</sup> November 2018

Dear Everybody,

The **Medical Education Unit (MEU)**, IPGMER & the **School of Digestive & Liver Diseases (SDLD)**, IPGMER invite all Medical Students, Interns, Resident Doctors and Faculty to a 'teaching session with a difference' on Clinical Medicine (named STEER).

**STEER stands for 'Sensitizing to Think Enabling Excellence and Rationality'**. This program is based on the strong premise that thinking power, if used, helps diagnose most conditions at the bedside, often without the need for investigations. Every one of us is endowed upon by nature with the "ability to think". This interactive program makes everyone think, and at the end of the program, every medical student/ doctor feels confident to have discovered his / her own ability to think, that hitherto was not tapped. Conducted by: Prof YK Amdekar (former Medical Director, BJ Wadia Hospital for Children, Mumbai) & his team.

**Date: 17th of November 2018.**

Venue: Academic Building premises, IPGMER.

Time: 1:15 PM-4:30 PM.

Snacks shall be provided to the attendees.

For any clarifications contact: Dr Gautam Ray, Pediatric Gastroenterology, SDLD, IPGMER. [gautamray@ymail.com; 9038444575].

Thank you,  
With best wishes,

*Manimoy*  
7/11/18.

Prof Manimoy Bandyopadhyay, **Director**  
**I.P.G.M.E&R.**  
Director, IPGME&R, Kolkata. **Kolkata-700020**
