Anti-retroviral therapy (ART) Center

ART centers are OPD based service providers for PLHIV (People living with HIV). Patients who are tested positive at Integrated Counseling & Testing Center (ICTC) are referred to ART centres for care, support and treatment. SSKM ART Center is functional since 18/12/2012. All ART centres of WEST BENGAL are working under supervision of West Bengal States AIDS Prevention & Control Society (WBSAPCS), CST Division and funded by National AIDS Control Organization (NACO).

In IPGME&R and SSKM Hospital, the ART Center is functional under Medicine Department. The center is located in the same building as Malaria Clinic (Heritage Building) between Cardiology Department and Ronald Ross Building. Phone (033) 2204-1425, 2204-1426, 2223-7038. E-mail: artc2sskm@gmail.com.

RESPONSIBILITIES

ART center functions as per NACO guideline and protocol. Counselling plays a major role in ART services. As SSKM & IPGMER is a tertiary hospital, our ART Center gets patient from various districts of West Bengal and different states. The responsibilities are:

1. Enrollment of patients who are tested positive at ICTC.
2. Ensuring ART treatment for the patients after necessary investigations and proper counseling.
3. Regular monitoring of patients for opportunistic infection and drug related side effects. Every visit counseling and follow-up of the patients are done at ART Center, SSKM Hospital.
4. TB diagnosis and initiation of anti-tubercular therapy (ATD) of ICTC reactive patients.
5. Procuring antiretroviral therapy (ART) drugs from NACO, drug stock maintenance and regular reporting of various data to WBSAPCS and NACO.
6. Inter-departmental referral and initiating ART for admitted patients of SSKM Hospital.
7. Training of health care workers regarding HIV and Universal Precaution are included in the work responsibilities of ART Centers.
8. Advising and prescribing PEP (Post-exposure Prophylaxis) for health care workers and spouse/partner of a known positive patient. PEP is issued for emergency use to ICU, Labour ward, Emergency, Emergency OT, Trauma from ART Center, SSKM.
9. Every month co-ordination meeting is conducted involving all ICTC, TB unit, CSC at ART centre, SSKM.
10. Core-committee meeting involving all the departments is done yearly once.
11. CD4 testing, viral load testing and Hep B, Hep C testing done at ART centre, SSKM.
12. Spouse/Partner-child testing for ICTC and tracking of MIS or lost to follow up patients are done at SSKM ART Center with the help of CSC.

ART centre SSKM & IPGMER has catered to 5700+ patients till now. At present 2000+ patients are actively receiving ART and other services at SSKM ART Center. On average daily footfall at our center is 80-100 patients. Approximately 450-500 TB cases have been treated at ART centre, SSKM along with the collaboration with NTEP.
