Neonatology

STAFF

Dr. Suchandra Mukherjee	MD Pediatrics	Professor and Head
Dr Syamal Kumar Sardar	MD Pediatrics	Professor
Dr. Ranajit Mukherjee	MD Pediatrics	Associate Professor
Dr. Bijan Saha	MD Pediatrics, DM Neonatology	Associate Professor
Dr. Ratan Kumar Biswas	MD Pediatrics, DM Neonatology	Associate Professor
Dr. Anindya Kumar Saha	MD Pediatrics, DM Neonatology	Assistant Professor
Dr. Uttam Kumar Mondal	DCH, MD Pediatrics	Assistant Professor
Dr. Nirmalya Sarkar	MD Pediatrics	Assistant Professor
Dr. Somnath Pal	MD Pediatrics, DM Neonatology	Assistant Professor
Dr. Dipankar Roy	DCH, MS, MCh (Pediatric Surgery)	Assistant Professor, Neonatal & fetal surgery
Dr. Suman Das	MS, MCh (Pediatric Surgery)	Assistant Professor, Neonatal & fetal surgery
Dr. Bappa Mondal	MD Pathology	Assistant Professor, Neonatal Pathology
Dr. Sudipta Dasgupta	DCH	Medical Officer
Dr. Amit Banerjee	DCH	Medical Officer
Dr Manasi Purkait	DCH, MD pathology	Medical Officer
Dr. Biswanath Bala	MBBS	Medical Officer
Dr Subhankar Sasmal	DCH	Medical Officer
Dr. Rakesh Dey	MD Pediatrics	DM resident
Dr. Md Habibullah Sk.	MD Pediatrics	DM resident
Dr Tanima Roy	MD Pediatrics	DM resident
Dr Rajib Losan Bora	MD Pediatrics	DM resident
Dr Sourav Roychoudhury	MD Pediatrics	Senior Resident
Dr Sayantani Panigrahi	MD Pediatrics	Senior Resident
Dr Sudip Banerjee	MD Pediatrics	Senior Resident
Dr Purabi Priyadarshinee	MS Surgery	Senior Resident
Dr. Jhilik Basu	MBBS	SNCU medical officer
Dr. Moupiya Nandi	MBBS	SNCU medical officer
Dr. Silpi Adak	MBBS	SNCU medical officer
Dr. Jayeeta Bakshi	MBBS	SNCU medical officer
Dr. Amit Bera	MBBS	SNCU medical officer
Dr. Shabana Parveen	MBBS	SNCU medical officer
Dr. Rabindra Nath Das	MBBS	SNCU Medical officer

IMPORTANT ACHIEVEMENTS

- Extension of the service of the Department of Neonatology with increase in the NICU and SNCU beds. At present the department is running with 100 beds.
- Currently the department is being expanded in an 8th storied building for comprehensive and holistic neonatal services in multiple domains, research and training activities – first of this kind in Eastern India.
- **Genetic testing & counseling** centre is running in the department.
- Clinic for the expectant mother for **Antenatal counselling** for fetal pathology has been started.
- Research project on Screening of **Inborn Error of Metabolism** is going to be started in a dedicated IEM lab in ground floor of Neonatology building
- The department has been designated as **Newborn care Resource Centre** for training in neonatology in the state of West Bengal by Department of Healthy and Family Welfare of the state government.

SERVICE INFORMATION

Neonatal Intensive Care Unit: It comprises of 33 beds with one stabilization bed in the 2nd floor, Neonatology building.

(Including 8 Surgical NICU beds)

Special New Born Care Unit: 42 beds at 3rd Floor Neonatology building.

Neonatal ward / KMC ward: 20 bedded unit with facility of mother-infant dyad staying together at 3rd floor of Neonatology building

Neonatal and fetal surgery division : Neonatal surgery intensive care unit along with dedicated neonatal OT .

Postnatal Ward: For care of babies who are roomed in with mother in Maternity ward , G & O building .

Regular service activities

- Level III care of sick newborns including ventilation (conventional and high frequency), parenteral nutrition, neonatal surgery, peritoneal dialysis.
- The unit is equipped with 23 conventional ventilators and 2 high frequency ventilators, 3 bubble CPAP and 15 HHHFNC. Amplitude EEG for continuous brain function monitoring with Video EEG, ECG, Digital X-ray, Ultrasound, Echocardiograph are also available in-house.
- A side laboratory is working for bed side. Investigations like complete blood count, micro ESR, hematocrit, blood gas estimation, serumelectrolytes and blood grouping is done.
- Provision for complicated neonatal surgeries for congenital and acquired disorders.
- Selected cardiac surgery for congenital heart disease in collaboration with Department of Cardiothoracic Surgery and Department of Cardiology.
- Comprehensive follow-up services at Neurodevelopment clinic with facility for ROP screening and laser therapy and hearing screening.

Neurodevelopment Clinic: On Monday, Wednesday & Friday in Neonatology building, 1st floor, 9 am to 2 pm. Follow-up for high risk NICU graduates, premature babies with facilities for motor, neurological, vision, hearing, cognitive examination and early intervention, all under one roof.

Antenatal counselling Clinic (Fetology clinic): Clinic for counselling of expectant mother for various fetal diseases or genetic diseases has been started at 1st floor of new Neonatology building (Three days in a week – Monday, Wednesday and Friday). Genetic counselling is alsodone in selected cases in collaboration with Biomedical Genomic Center by appointment only.

Neonatal OPD: All working weekdays in Neonatology building (Monday to Friday from 9 am to 2 pm, Saturday 9 am to 12 Noon)

Neonatal and fetal surgery OPD: At Neonatology building, ground floor, on Tuesday and Saturday. Regular neonatal surgeries performed at neonatal surgery OT.

Neonatal neurosurgery OPD: Every Saturday: At Neonatology building, ground floor, on Tuesday and Saturday. Regular neonatal neuro surgeries performed at neonatal surgery OT.

DEIC (District early intervention center): On Tuesday and Thursday, DEIC clinic is run as part of RBSK program for early identification and management of Defects at Birth, Deficiencies, Diseases, Developmental delays including disabilities. Babies are referred by school health team, district mobile team of RBSK as well as by pediatrics and neurology departments of various government hospitals.

Nodal collaborating center (Rastriya Bal Swasthya Karyakram under Government of India)

Govt. of India has selected neurodevelopment clinic as nodal collaborative Centre for Rastriya Bal Swasthya Karyakram for detection of developmental delay and early intervention in West Bengal as well as for Eastern India. Training of the professionals of child development from various districts from West Bengal and MP has been started under this project.

Comprehensive Lactation Management Center

The Chief Minister, Govt. of West Bengal has inaugurated Eastern India’s first Human Milk Bank or Comprehensive Lactation Management Center (CLMC) at the ground floor of new building for Institute of Neonatology, IPGME&R and SSKM Hospital on 7th August, 2013. This is the most advanced and well equipped Lactational Management center in India. Admitted babies in NICU and SNCU are getting pasteurized milk from this milk bank.

Departmental Sterile Supply Division for NICU

Departmental sterile supply division is situated at the ground floor of G&O building. This is meant to supply sterile articles & linens for resuscitation and daily care of newborn babies admitted in NICU & SNCU to prevent sepsis.

Retinopathy of Prematurity Clinic

Screening for retinopathy of prematurity (ROP) of preterm and sick babies requiring oxygen in NICU and SNCU, IPGME&R and various SNCUs of West Bengal and referred from other health care facilities. This service is available every week on Monday and Wednesday from 9:00 AM onwards at 1st floor, New building for Institute of Neonatology. In-house LASER therapy (emergency) is also done at NICU for babies, diagnosed as ROP.

Senior part time consultant of Ophthalmology Dr. Pranab Das has joined in Department of Neonatology for screening and management of retinopathy of prematurity and neonatal ophthalmological disorder.

Neonatal Neurosurgery

Senior part time consultant neurosurgeon Dr. Kaushik Seal, has joined in Department of Neurosurgery, BIN and his service is being utilized at Department of Neonatology with regular OT and OPD service. Neonatal neurosurgery OPD is running once in a week on every Saturday.

New services:

Neonatal anesthesia: Dr Anisha De, parttime consultant anesthesiologist has joined in the fetal neonatal surgery unit.

Perinatal orthopedics clinic: It has been started in collaboration with Dept of Orthopedics to deal with congenital disorders of bone and joints in fetus and newborn (every Thursday at department of Neonatology).

Preconception clinic: It has been started in collaboration with department of community medicine, dept of Gynecology and Obstetrics at Main block on every Wednesday.

Statistics report for NICU: 2010-2019

Year	Total live birth	Inborn admission	Outborn admission	Survival rate at NICU
2010	2579	1143	219	93.1%
2011	2938	1107	292	92.9%
2012	3223	883	407	92.0%
2013	3400	875	320	88.4%
2014	3802	903	289	88.7%
2015	4080	839	401	86.4%
2016	4004	1151	668	89.4%
2017	4806	1663	544	91.2%
2018	5416	1743	555	90.7%
2019	5532	2255	575	91.9%
2020	7626	3123	643	91.9 %

OPD statistics: 2021 (From December 2020 to November 2021)

OPD	Count
General Neonatology OPD	3744
Neurodevelopment Clinic (New cases and follow-up)	1581
RBSK OPD (New cases)	4835
ROP screening (No of new screening performed)	880
No of LASER procedures done for ROP	86

Indoor admission statistics: From December 2020 to November 2021

Total inborn admission	Inborn death	Inborn CFR	Total outborn admission	Outborn death	Outborn CFR
3532	179	5.07	625	82	13.12

TEACHING & TRAINING ACTIVITY

- **DM neonatology course** 3-year DM Neonatology course permitted by MCI started in 2011 with annual intake of two students. From permitted status, recently one of the two DM seats has been recognized.
- **Post graduate training (MD pediatrics):** as part of Pediatrics curriculum.
- **Training of M.Sc. Nursing students** from this institute and also from other medical colleges.
- **Center for various state sponsored training under FBMNC, Govt of West Bengal:** Training for nurses and doctors for FBNC module, noninvasive ventilation, infection control, preterm package and NRP.
- **State Resource centre for training in Neonatology:** The department has been designated as Resource Centre for training in neonatology in the state of West Bengal by Department of Healthy and Family Welfare, Govt. of West Bengal.
- **Training of state wise DEIC at RBSK nodal centre, Department of Neonatology**

RESEARCH LABORATORY SERVICE

Neonatal microbiology research laboratory

- Blood culture & sensitivity by Bactec method, culture of different body fluid, fungal culture of NICU babies & samples from district SNCU.
- Identification of pathogen, antimicrobial sensitivity & resistance pattern.

Genetic research laboratory:

- Genetic Testing & Counseling Centre.

PUBLICATIONS

Books / Manuals

- Manual of Neonatal Protocols (for doctor and nurses)
- Book on pediatric nursing
- Book on basic newborn care at community level (in Bengali)
- Book on neurodevelopmental follow up and early intervention.

Journal articles

SN	Title of article	Authors	Journal	Year of publication
1	Nasal HFOV versus nasal IPPV as a post-extubation respiratory support in preterm infants — a randomized controlled trial	Soutrik Seth, Bijan Saha, Anindya Kumar Saha, Suchandra Mukherjee	European journal of Pediatrics	April ,2021
2	An observational prospective study to compare transcutaneous bilirubin with serum bilirubin in preterm newborn requiring phototherapy	Syamal Sardar, Nirmalya Sarkar, Moumita Ghosh, Somnath Pal	Journal of clinical neonatology	2021
3	Retinopathy of prematurity in a level II neonatal care unit of a district of West Bengal: A retrospective analysis of 5 years	Suchandra Mukherjee, Anindya Kumar Saha (corresponding author), Pranab Das, Debanjan Sen, Sudakhsina Bhar	Indian Journal of public health	December 2020

4	A randomized controlled trial of restricted versus standard fluid management in late preterm and term infants with transient tachypnea of the newborn	Syamal Sardar, Somnath Pal, Ragwendra Mishra	Journal of neonatal perinatal medicine	November 2020
5	Minimally invasive surfactant therapy versus InSurE in preterm neonates of 28 to 34 weeks with respiratory distress syndrome on non-invasive positive pressure ventilation-a randomized controlled trial	Bhupendra Gupta, Anindya Kumar Saha, Suchandra Mukherjee, Bijan Saha (corresponding author)	European Journal of Pediatrics	May 2020
6	A retrospective study on the profile of persistent pulmonary hypertension of newborn in a tertiary care unit of Eastern India	Syamal Sardar, Somnath Pal, Ragwendra Mishra	Journal of clinical Neonatology	January 2020
